

Receive up to \$130

Offer applies to a minimum of five and a maximum of seven electronic thermostats* per single-family dwelling, condo unit or business establishment.

*Wall-mounted programmable or non-programmable electronic thermostats for electric baseboards or convection heaters, and built-in electronic thermostats on convection heaters must be purchased from a retailer in Québec or from a master electrician who is a member of the CMEQ.

Some conditions apply (see reverse).

NB: Rental properties and seniors' residences

To be eligible for the purchase rebate, thermostats for rental properties (duplexes, triplexes and multiple-unit buildings) and seniors' residences must be installed by a master electrician. To find out more about the terms and conditions of the offer, contact a member of the Corporation des maîtres électriciens du Québec (CMEQ).

Important: The rebate applies only to products* with "Thermostat eligible for Hydro-Québec's program" printed on the package.

Go to www.hydroquebec.com/residential for a list of eligible thermostats.
