

## TPL-008-1– Transmission System Planning Performance Requirements for Extreme Temperature Events

### Appendix TPL-008-1-QC-1 Specific provisions applicable in Québec for standard

This appendix establishes specific provisions for the application of the standard in Québec. Provisions of the standard and of this appendix must be read jointly for comprehension and interpretation purposes. Where the standard and appendix differ, the appendix shall prevail.

#### A. Introduction

1. **Title:** No specific provisions.
2. **Number:** No specific provisions.
3. **Purpose:** No specific provisions.
4. **Applicability:** In the application of this standard, all reference to the term “*Bulk Electric System*” or “*BES*” shall be replaced by the terms “*Main Transmission System*” or “*RTP*” respectively.  
The Facilities subject to this standard are the Facilities of the Main Transmission System (*RTP*).

##### 4.1. Functional entities:

No specific provisions.

#### 5. Effective Date:

- |   |                |
|---|----------------|
| 5.1. Adoption of the standard by the Régie de l'énergie:        | Month xx, 20xx |
| 5.2. Adoption of the appendix by the Régie de l'énergie:        | Month xx, 20xx |
| 5.3. Effective date of the standard and its appendix in Québec: | Month xx, 20xx |

#### B. Requirements and Measures

No specific provisions.

#### C. Compliance

##### 1. Compliance Monitoring Process

##### 1.1. Compliance Enforcement Authority

In Québec, “Compliance Enforcement Authority” means the Régie de l'énergie in its roles of monitoring and enforcing compliance with respect to the Reliability Standard and to this appendix.

##### 1.2. Evidence Retention

No specific provisions.

##### 1.3. Compliance Monitoring and Enforcement Program

The Régie de l'énergie establishes the monitoring processes used to evaluate data or information for the purpose of determining compliance or non-compliance with the Reliability Standard and with this appendix.

## **Appendix TPL-008-1-QC-1 Specific provisions applicable in Québec for standard**

**Table 1**

Changes to Table 1:

Replace “200 kV” by “400 kV” for events P1 and P7 Contingency RTP level.

### **Violation Severity Levels**

No specific provisions.

### **D. Regional Variances**

No specific provisions.

### **E. Associated Documents**

No specific provisions.

### **Attachment 1**

No specific provisions.

### **Version History**
